Dear Mr. Lazarides:

Per the ICC Order entered by the Commission on December 17, 2003 (Docket Number T03-0047), the Department of Transportation is providing written notice of the progress for the above-referenced project. As it stands right now, we are at 9% of total completion. As far as the actual work, Pier #1 is poured, and Pier #2 will be poured on Wednesday, June 9, 2004 or Thursday, June 10, 2004 of this week. There is about 10% of the embankment placed.

Should you have any questions, please contact Randy Hopper, Project Support Engineer, at (309) 671-3496 or Susan Eckhoff, Railroad Coordinator, at (309) 671-3372.

Very truly yours,

Joseph E. Crowe, P.E.
District Engineer
